

# Magnolia Farmers Market 2018 Sponsorship

Magnolia is making a spectacular come back! Show your community support in front of thousands of current and potential new customers by becoming a sponsor of the Magnolia Farmers Market.

The Magnolia Historical Society is hosting this community based event. The MHS is non-profit organization focused on not just historical preservation & restoration, but also providing services and education for the greater good of our surrounding communities. We focus on strengthening economic bases, and providing strong social networks for our communities.

This event will host local farms and local businesses to cater to the growing needs of our community. It is shown that consumers favor farmers markets because they provide such benefits as:

- local shopping, reduced overhead costs: driving, parking, etc.
- fresher, healthier, higher quality foods
- seasonal, more flavorful foods
- a better variety of foods: organic foods, pasture-raised meats, free-range eggs or poultry, handmade farmstead cheeses
- a place to meet neighbors, have fun, enjoy family time, chat, etc.
- a place to enjoy an outdoor walk *while* getting needed groceries

**Individuals favor farmers markets as a way to personally contribute to their community.** And, according to *Farmers Markets of America*, **customers drawn to farmers markets shop locally.** Farmers markets contribute to a healthy society in three important areas: family nutrition and food security, agricultural viability and open space preservation, and the economic and social revitalization of neighborhoods. Please show your support by becoming a sponsor of this very important weekly event.
